JOB DESCRIPTION

POSITION TITLE:

NURSE PRACTITIONER

WAGE SCALE:

\$56,100.00/annum (NON-UNION)

HOURS:

Flexible 18.75 hrs/wk

Complex Care Mandate:

Vernon Native Housing Society has created a Complex-Care home for ten Indigenous women. This home will be a new approach to Indigenous focused nursing care, creating a harm reduction program, focused on cultural safety and a trauma informed approach to complex indigenous clients.

General Overview of the Position:

The Nurse Practitioner functions as a member of both the Complex Care Housing team and the designated multi-disciplinary team. The role's purpose is to ensure that persons with severe and persistent mental health problems and/or problematic substance use and/or development disability issues may have access to timely, evidence-based treatment and clinical support across the continuum of available services. The Nurse practitioner provides assessment, treatment, case management, community support, and, as required, urgent response to clients who may also have serious functional impairment in the domains of physical health and personal, family, financial, occupational, and social life. The nurse practitioner functions as a primary clinician utilizing a variety of specialized treatment modalities/ therapies for individuals, groups of clients, and/or their families.

Per the organization's established vision and values, the Nurse Practitioner is responsible and accountable for the comprehensive assessment of patients/clients/residents, including diagnosing diseases, disorders, and conditions. The Nurse practitioner initiates treatment, including health care management and therapeutic interventions, and prescribes medications following the statutory and regulatory standards, limits and conditions, policy, and guidelines. The Nurse Practitioner provides professional guidance to other health professionals and practices autonomously and interdependently within the context of an interdisciplinary healthcare team, making referrals to physicians and others as appropriate.

Job Description:

Role and Responsibilities:

- This position collaborates with patients/clients/residents and other members of the interdisciplinary team to identify and assess trends and patterns that have implications for patients/clients/residents, families, and communities; The position participates in peer review and self-review to evaluate the outcome of services at the patient/client/resident, community, and population levels.
- Contributes to the development and ongoing changes to the individualized plan of care, including attending and providing input into multidisciplinary care planning meetings and family conferences. Advocates for the interest of the patient/resident/client and significant others.
- Identifies and assesses potential emergencies and develops short-term strategies to handle them appropriately, including actions such as applying suicide alertness
